

Chief Financial Officer

General Description: Seeking a Chief Financial Officer (CFO) to take on a leadership role in financial decision making. CFO will develop and implement financial procedures to improve and maintain the financial health of the company.

The CFO has key roles in Planning, Operations, Financial Reporting, Risk Management, Banking, and Investor Relations:

Planning

- Assist in formulating the company's future direction and supporting tactical initiatives
- Monitor and direct the implementation of strategic business plans
- Develop financial and tax strategies
- Manage the capital request and budgeting processes
- Develop performance measures and monitoring systems that support the company's strategic direction

Operations

- Participate in key decisions as a member of the executive management team
- Manage the accounting, human resources, IT, investor relations, legal, tax, and treasury functions of the company
- Improve the cash cycle through more effective risk and cash management policies
- Oversee the financial operations of subsidiary companies and foreign operations
- Manage any third parties to which accounting or finance functions have been outsourced
- Select, maintain and manage the company's accounting software
- Oversee employee benefit plans, maximizing a cost-effective benefits package
- Supervise acquisition due diligence and negotiate acquisitions

Financial Reporting

- Oversee the issuance of financial information
- Report financial results to the board of directors
- Personally review and approve all tax, regulatory, and securities returns for both state and federal compliance

Risk Management

- Understand and mitigate key elements of the company's risk profile
- Monitor all open legal issues involving the company, and legal issues affecting the industry
- Construct and monitor reliable control systems
- Maintain appropriate insurance coverage
- Ensure that the company complies with all legal and regulatory requirements
- Ensure that record keeping meets the requirements of banks, auditors and government agencies

- Report risk issues to the audit committee of the board of directors
- Maintain relations with external auditors and investigate their findings and recommendations

Banking and Investor Relations

- Monitor cash balances and cash forecasts
- Arrange for debt financing and equity financing
- Invest corporate funds and corporate controlled pension funds
- Participate in conference calls with the investment community
- Maintain banking relationships
- Represent the company with investment bankers and investors

Qualifications: High level of written and oral communication skills, strategic planner who excels at problem solving, driven to optimize efficiency, able to excel in a leadership role by encouraging others, self motivated to deliver accurate work.

Education/Experience: Master's degrees in accounting, finance, or business administration. 10+ years of progressively responsible experience for a major company or division of a large corporation. Preference will be given to candidates with an MBA in Finance and the Certified Public Accountant or Certified Management Accountant designations.

Hours/Schedule: Hours are semi-flexible but consistency should be set. Generally, a common 40 hour week (Monday through Friday, hours 9:00 am to 5:00 pm) is practiced. Employee should set work schedule in beginning of employment.
